■ 意見交換

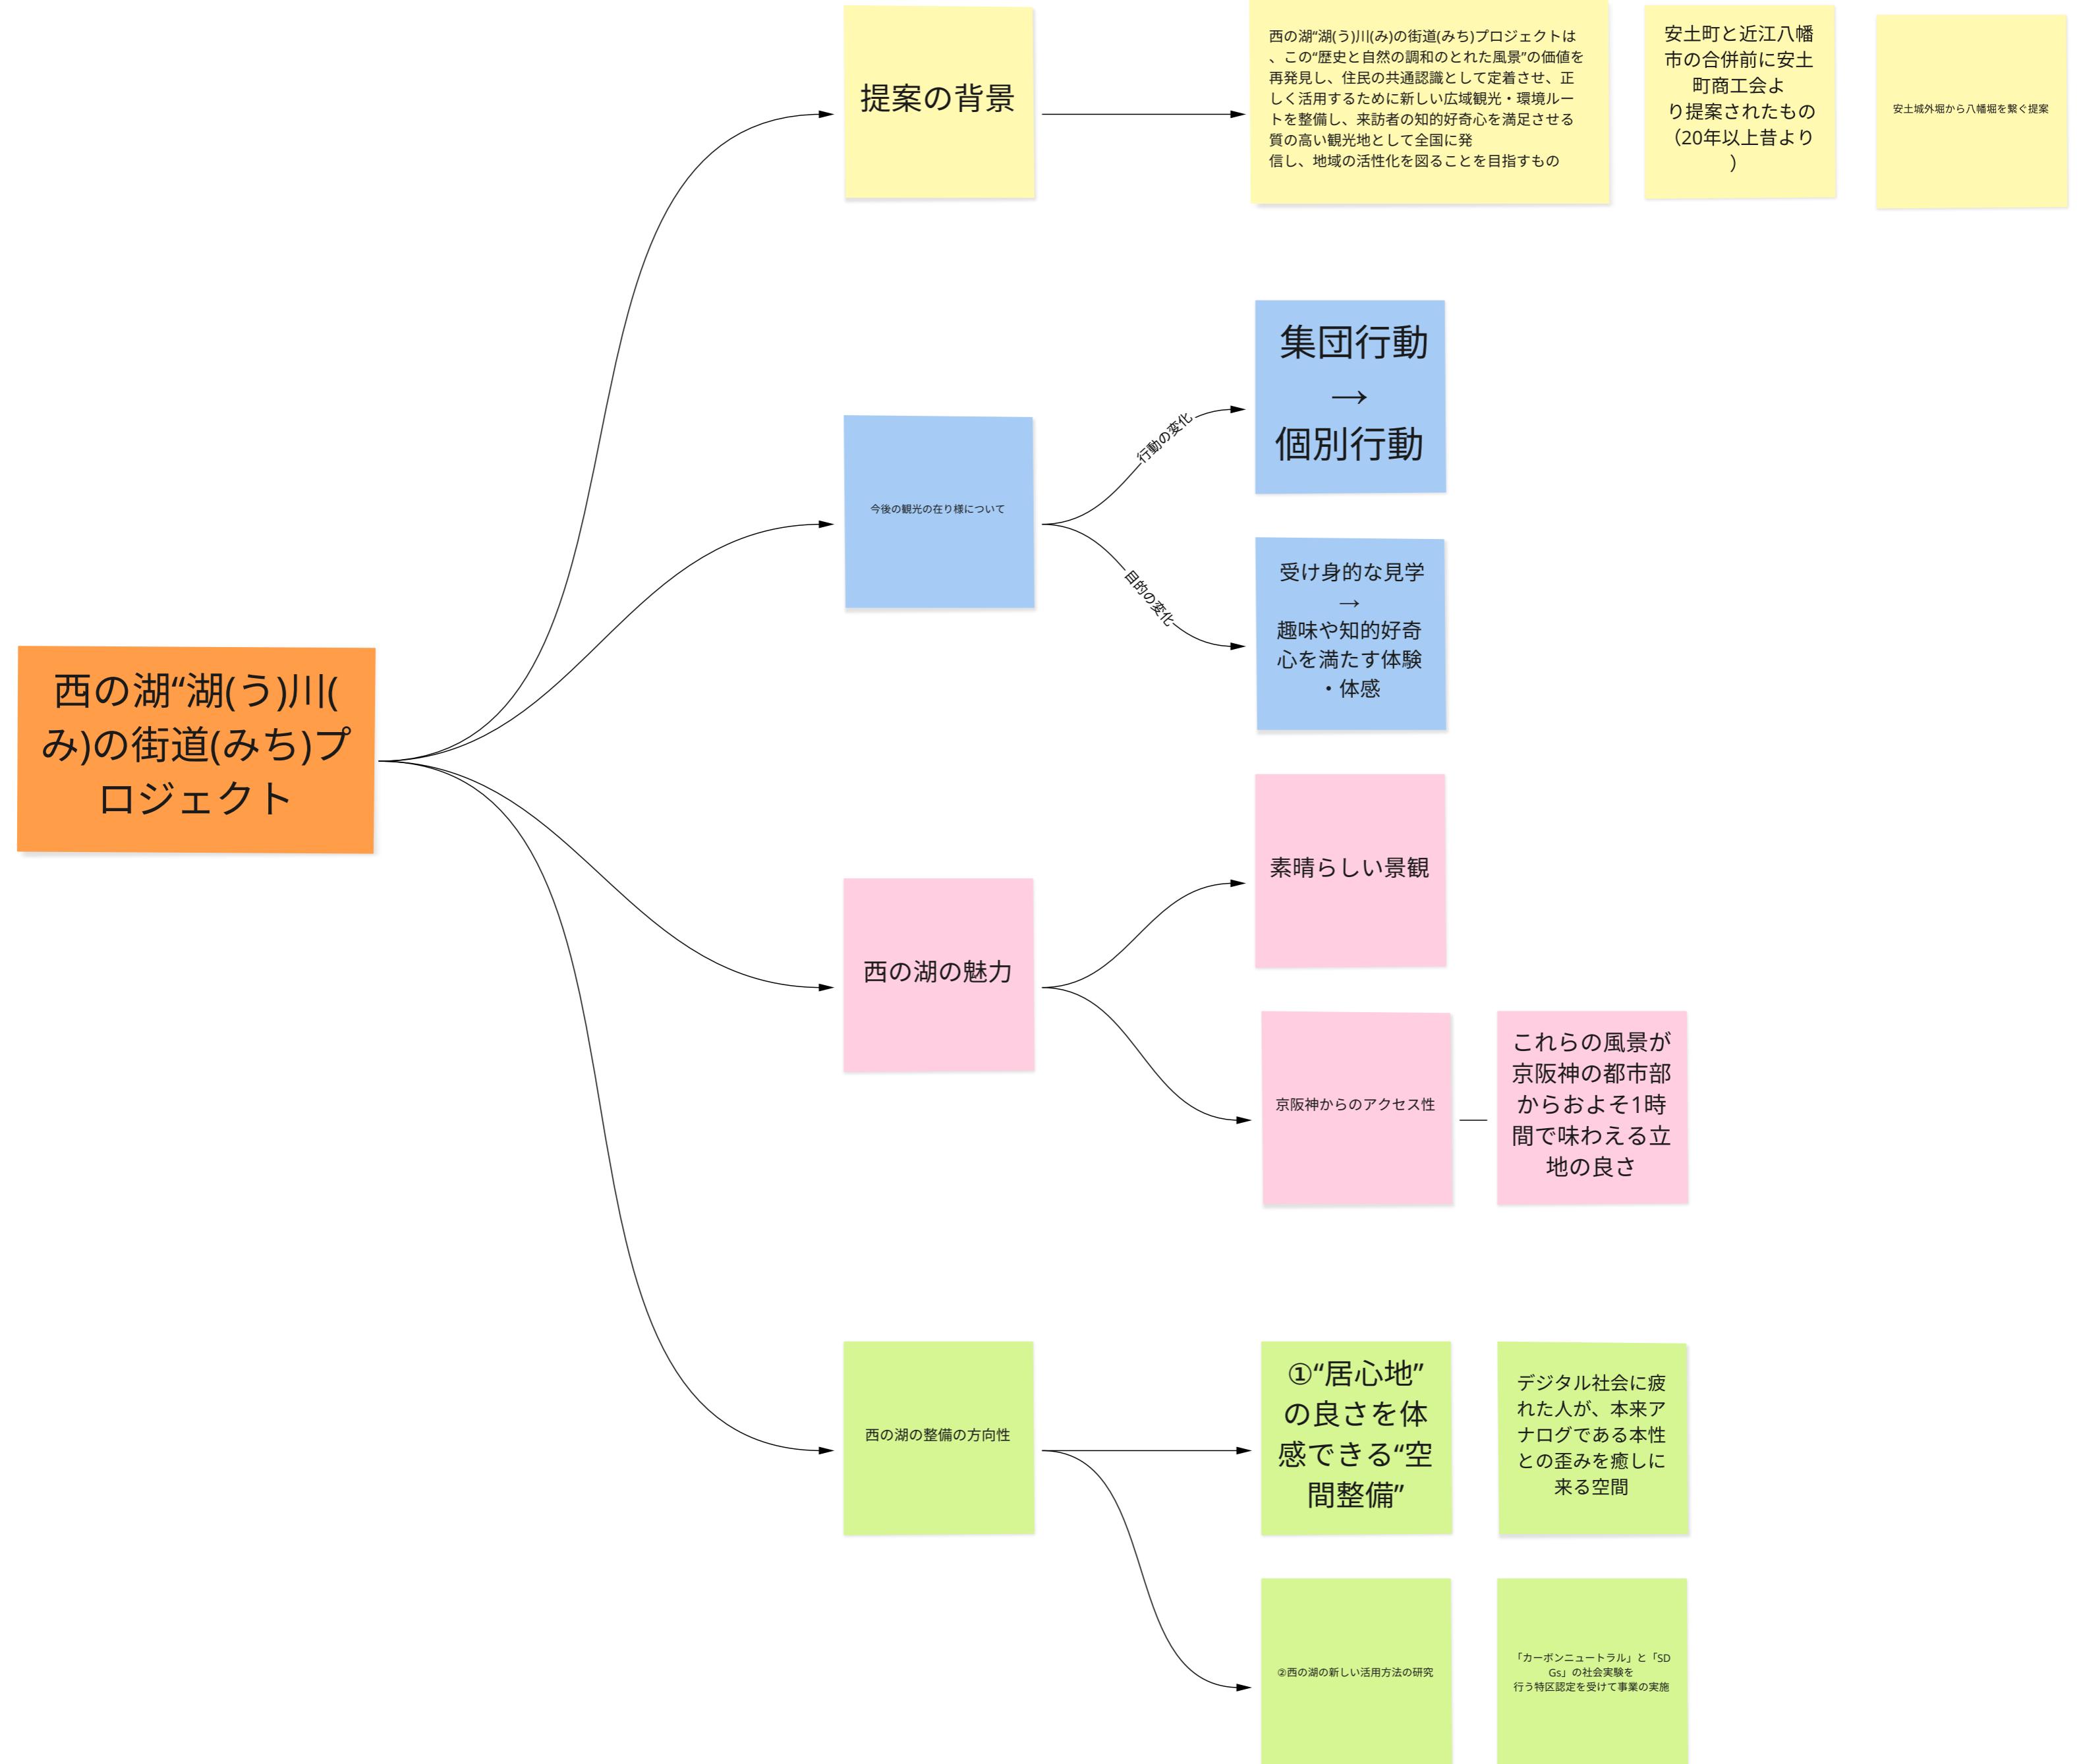

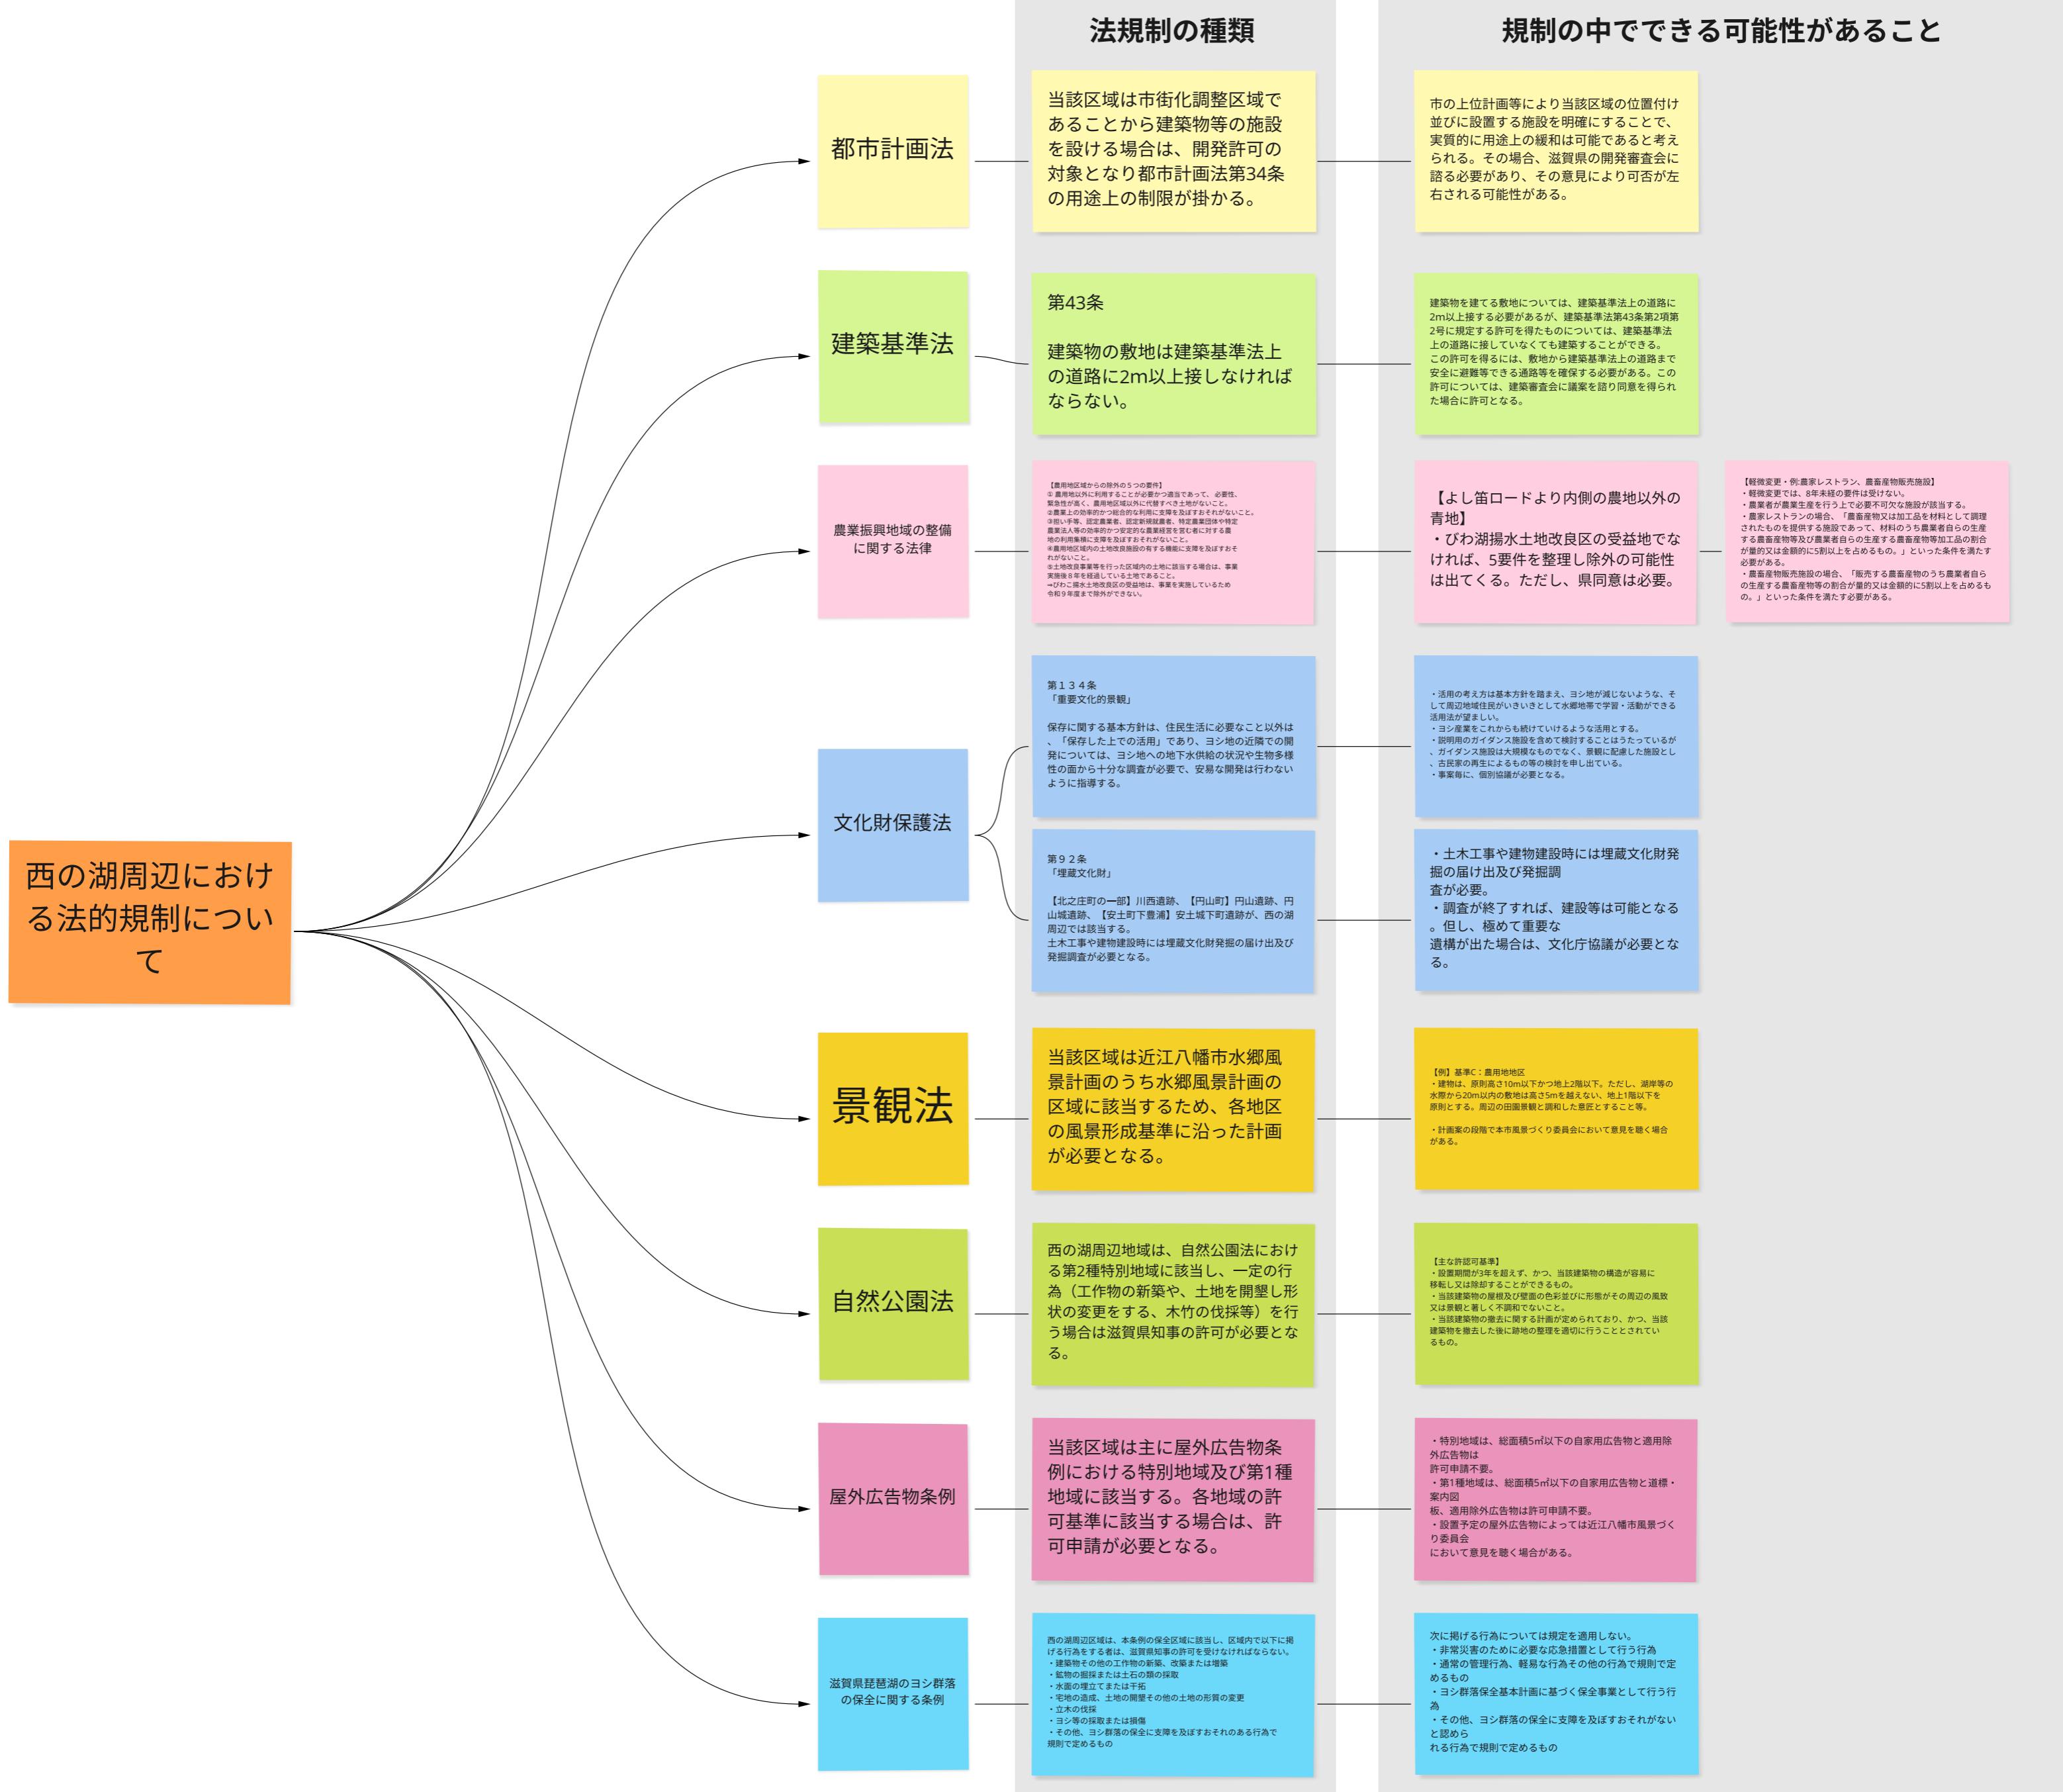

The diagram illustrates the relationship between community resources and various stakeholder needs:

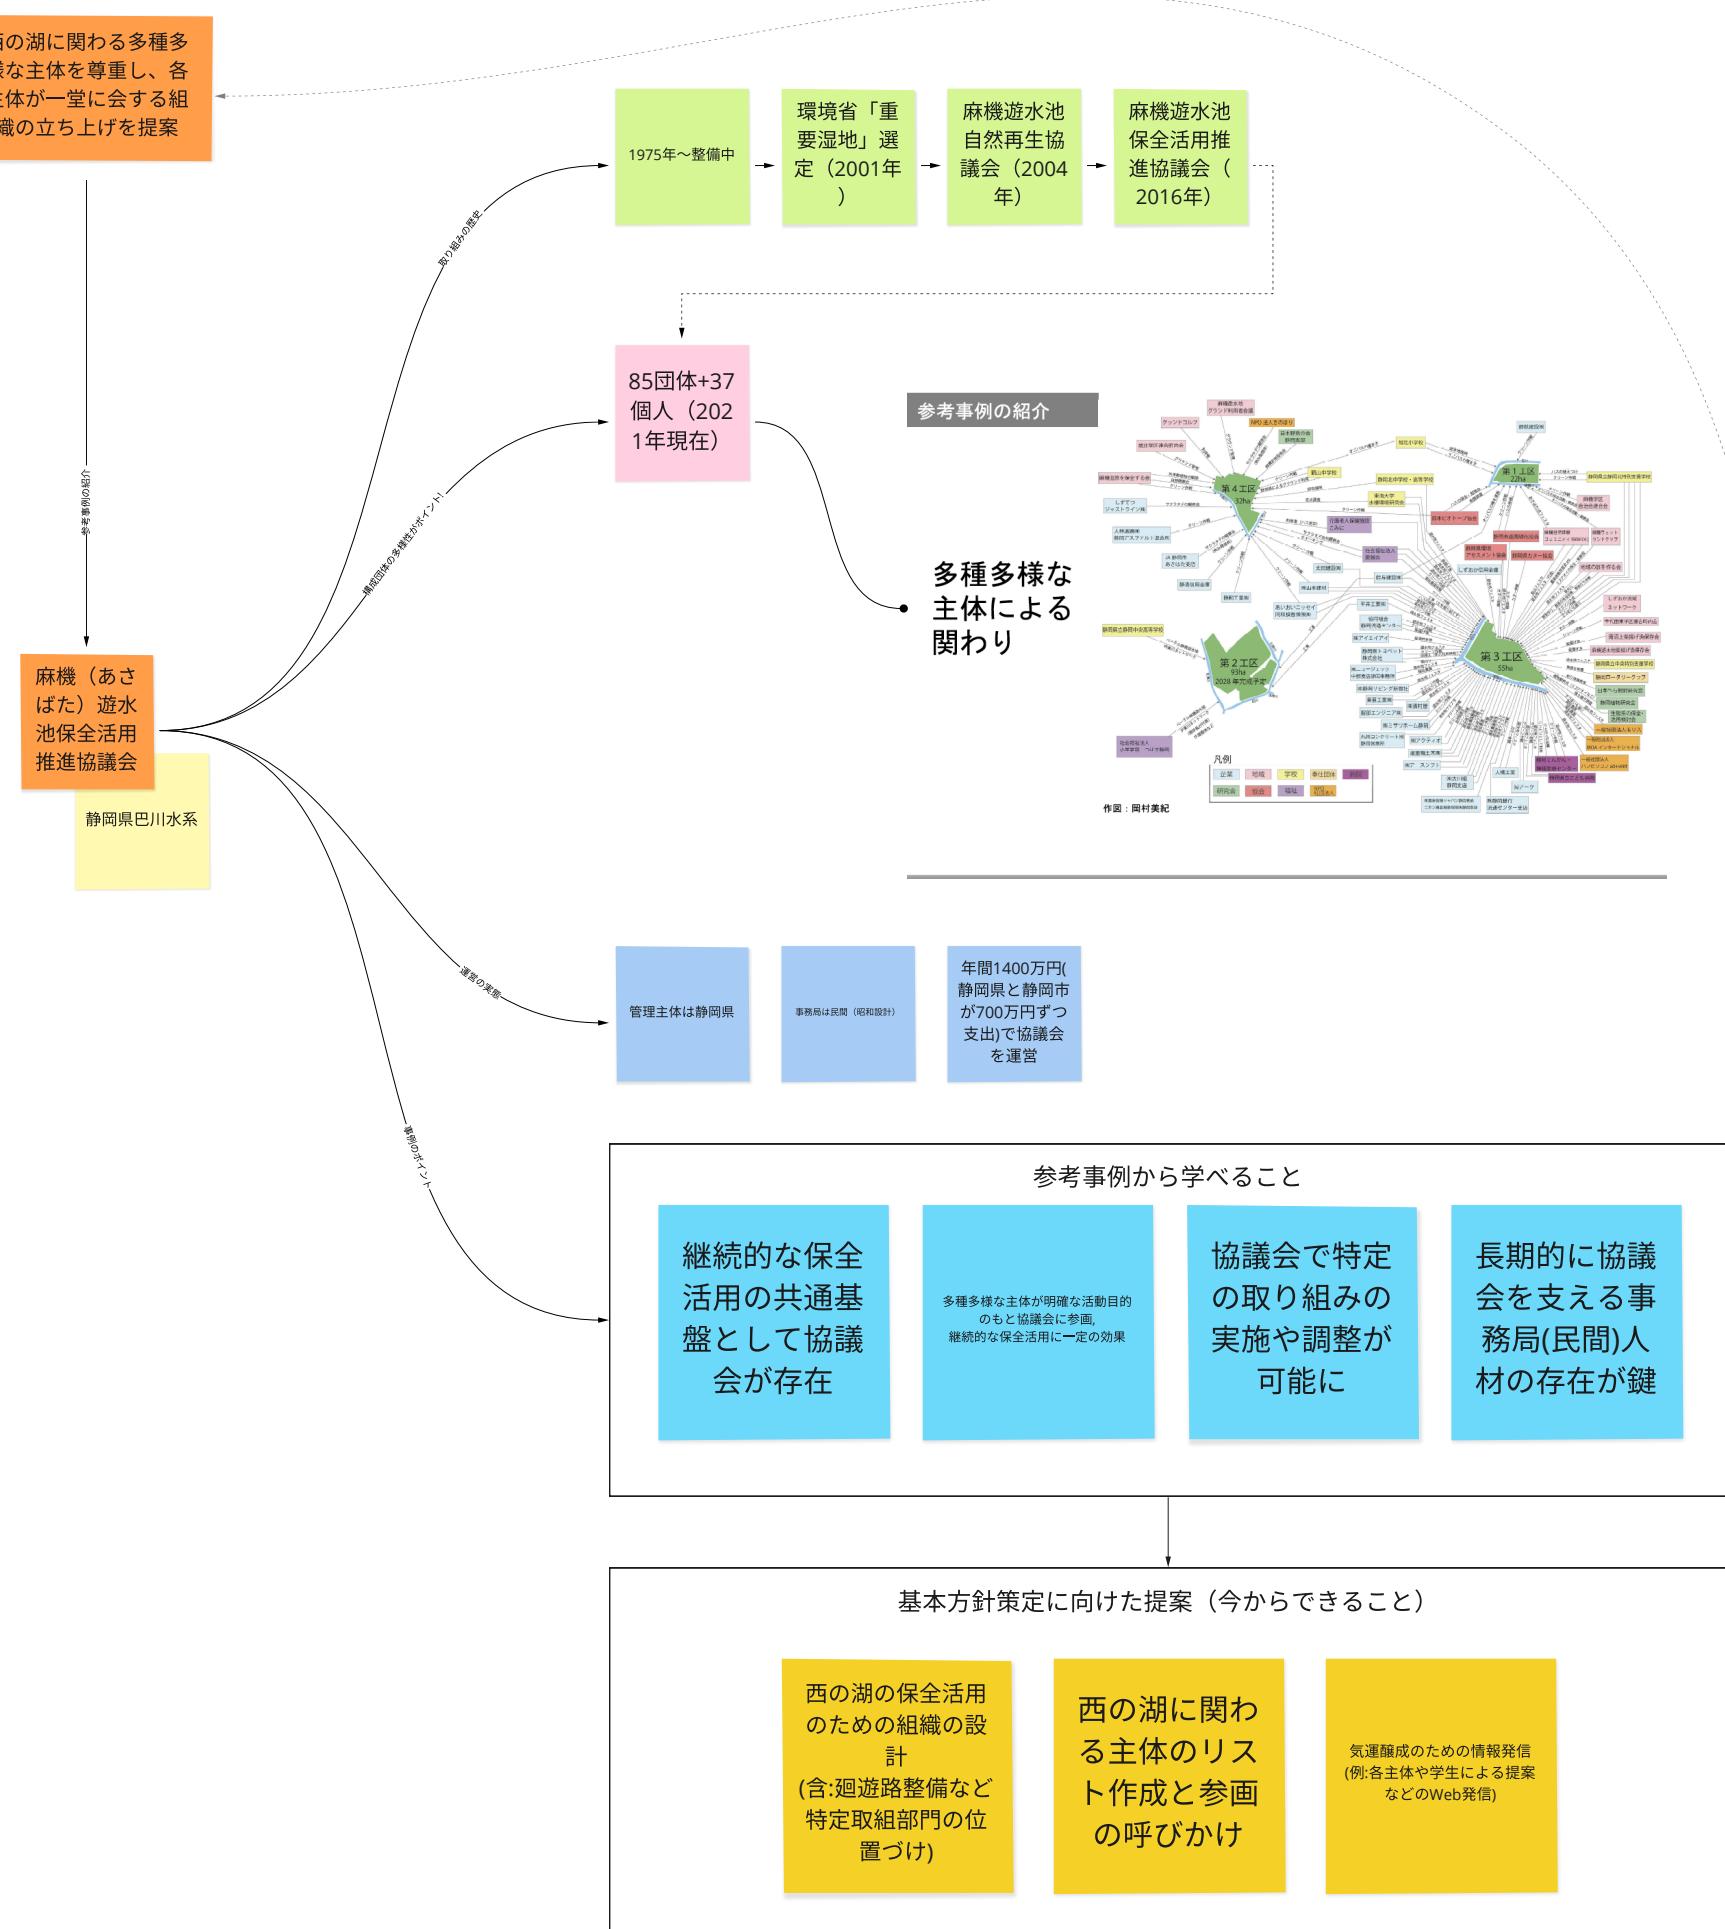

- Community Resources** (blue box):
 - Community participation
 - Community members' needs
 - Community members' interests
 - Community members' values
- Stakeholders and their Needs** (yellow boxes):
 - Local Government**: Local government participation, local government's needs, local government's interests, local government's values.
 - Businesses**: Business participation, business's needs, business's interests, business's values.
 - Community Organizations**: Community organization participation, community organization's needs, community organization's interests, community organization's values.
 - Individuals**: Individual participation, individual's needs, individual's interests, individual's values.

A large bracket on the left groups "Community participation", "Community members' needs", "Community members' interests", and "Community members' values" under the heading "Community Resources". A large bracket on the right groups all four stakeholder categories under the heading "Stakeholders and their Needs".
